### And What Have You

By BOB CRAIG

Sometimes we all begin to wonder if this world and our country have not gone to pot, but as we approach this Thanksgiving season we doubt very seriously if there are many Americans who do not have a great deal to be thankful for in spite of all of our problems.

With all of our shortages, our energy crisis and our problems in Washington, most of us still lead a pretty good life and will likely continue to do so for some time to come. We may find that we will have to do with a little less of some of the things that we have taken for granted for so long, but it is doubtful that this will really put us in much of a bind.

Most of us could probably live a long time on just what we waste.

As far as our problems in Washington go it would be well to remember that things are seldom as good as politicians would lead you to believe and at the same time they are seldom as bad, either.

So why don't you pause for a brief moment during this Thanksgiving season and give a little thanks for all the many blessings that are yours.

And one of these many blessings that we of Hamlin have are the many fine young men and their coaches we have representing us on the gridiron this year. These people have given a great deal of their time, talent and energy to an effort that can give us all a great deal of satisfaction and pride.

While there are a great many talented players on the Piper squad this year it has taken much more than just this talent to give this team it's 10-0 record and the district championship. It has taken a great many hours of hard work and a great sense of purpose.

Regardless of whether they go all the way to the state championship or fall some where along the way, you can be sure that they have given their very best and you will be able to be proud of them all the way.

As far as we know this 1973 Piper squad is only the second team in the history of Hamlin High School to go through a 10 game season undefeated. They are the fourth team in the school's history to make it into the playoffs and only the third to win the district title out right.

And while you are enjoying your Thanksgiving holidays you might pause to remember that these boys and their coaches will for the most part be giving up their holiday so that they can represent you in Abilene Saturday when they take on Roosevelt in Bi-District.

We know that we are joined by all the Piper fans in wishing them the very best of luck Saturday. See you there.

And while we are being thankful during this season it might be well to be thankful that we are blessed here in Hamlin with a fine hospital and two fine doctors. This is the time to give some thought to this matter because in the very near future we will be called upon to go to the polls and decide if we want to continue to have these services in our community.

On Tuesday, Dec. 18, the voters in the area covered by the proposed Hamlin Hospital District will be called upon to vote for or against both the hospital district and the bonds it will take to keep the facility operating. This election could have a great effect on just how many things we will have to be thankful for this time next year.

For if this election fails it will mean the end of hospital services for Hamlin and would likely cause us to lose the two doctors we now have. And this would mean much more than just the loss of medical facilities for us here—it would have a shattering effect on the economy of this area to

The change effects all three streets that have been one-way, including Avenues D and E that were made one-way at the start of this school year, and Fourth Street that has been one-way for a number of years.

The council voted to postpone any decision on a rate increase for Cable Electronics, the cable tv service serving Hamlin, for another 30 days and will vote on the increases at the next meeting of the council.

The firm had requested an increase from \$5.95 to \$6.50 on its monthly service charge and an increase from \$1.00 to \$1.10 on each additional outlet.

Lubbock Roosevelt defeated the Denver City Mustangs last Friday night, 21-6, to earn the right to meet the Pied Pipers in the first round of the Class AA playoffs Saturday evening in Shotwell Stadium in Abilene with the kickoff set for 7:30 p.m.

Because of a previous loss to Tahoka, the Eagles from Roosevelt must share the 5-AA District crown with Denver City but advance to the playoffs because of their win over the Mustangs. Denver City was rated the number two team in Class AA by AP before their loss to Roosevelt.

The Pipers, who had earlier won the right to advance to the Bi-District round of the playoffs by defeating Ballinger, won a 42-0 victory over the Anson Tigers Friday to win their second consecutive District 6-AA title. Last year the Pipers fell to Lubbock Cooper, 17-14, in the Bi-District clash played at Snyder.

Roosevelt will carry an 8-2 record into Saturday night's contest as they own victories over New Deal, 22-0; Crosbyton, 32-7; Seagraves, 32-0; Frenship, 34-7; Slaton, 31-7; Lubbock Cooper, 20-0; Post, 28-8; and Denver City, 21-6. The Eagles lost to Littlefield, 27-0; and Tahoka, 22-15.

The winner of Saturday's contest will meet the winner of the Alpine-Reagan County game to be played at Big Lake Friday night.

The Eagles possess the District 5-AA leading scorer in John Blackwell, a 9.8 sprinter who has run the 220 in 21.8. He has scored 95 points this season and has carried for over 1100 yards. He shares the tailback duties for Roosevelt with Lee Anderson who has gained about

600 yards this season. Together the two tailbacks have rushed for over 200 yards in seven of their games this season.

Running a number of sets out of the "I" formation, the Eagles rely heavily on their big 200-pound fullback Kenneth Bobo who is a strong runner, a good blocker and a favorite pass receiver. Quarterbacking the Eagles will be Chris Marshall, 160 pounds, who is a good runner and a good passer. The other back is Gilbert Brown, 160

pounds, who has good speed and runs traps and options well.

The split ends bring in the plays and they are Charles Lipps, 150 pounds, and Joseph Brown, 170 pounds. Both are good receivers. At tight end will be Wesley Killian, 160 pounds. Playing tackle will be Mike Patschke, 195 pounds, and Garry Stennett, 185 pounds. Noe Gonzales, 174 pounds, and Steve Cook, 180 pounds, are the guards, and Kenny Perry, 180 pounds, is the center.

All of the offensive starters are seniors and only one junior starts on defense. The Eagles make four changes on defense, bringing in Buster Washington, 180 pounds; Garrett Mitchell, 165 pounds; Lon Pierce, 170 pounds; and Tim Jones, 150 pounds. Those playing both ways are Stennett, Perry, Patschke, Cook, Bobo, Lipps and Brown.

The Eagles have an outstanding punter in their big fullback who is averaging 42.5 per kick this season. Bobo also kicks off.

Coach David Bonds said that the Pipers came out of the Anson contest without any major injuries and expects to have everyone ready for the Bi-District clash Saturday.

## Tickets Now On Sale Here

## FROM THE FILES . . .

### FIFTY YEARS AGO (November 30, 1923)

Hats off to the game of football, pulled off on the Hamlin field last Friday afternoon. Haskell was here with their team and they put up a real game, however, falling short of the Hamlin Pied Pipers, two points. One of the best games of the season ended with Hamlin 15 and Haskell 13. Hamlin is closing a successful year, having so far been defeated by only two teams, Sweetwater and Stamford. If they meet Anson Thursday of this week, that game will close the season.

The Texas Farm Bureau Cotton Association, on Dec. 15, will distribute \$5,468,000 to its members in Texas, which will bring the total amount distributed to the total of \$14,535,000. It is the first of our distributions on this season's business following the initial advance, and brings the per bale advance to the members to \$95.00 a bale.

There is nothing prettier than to awake in the morning and see the whole country covered with snow, weighting down the late fall leaves. This is what the natives of West Texas, especially around Hamlin, saw Wednesday morning, Nov. 28. But nobody's snow can exist long in the sunny climate of this country, therefore by noon the air was clear and only a few signs of the snow was left.

### TWENTY YEARS AGO (November 27, 1953)

Eleven deer were killed by a six-man party of Hamlin hunters last week on their lease 20 miles south of Mason, they reported on their return from the "happy hunting grounds" on the weekend.

Free lunches will be given to the 1,000 students attending the Hamlin Schools on their birthdays. This is a new plan that will be inaugurated at the four schools of the city beginning next Monday. The free lunch idea is being made in an effort to acquaint the entire student body with the quality and convenience of the cafeteria lunches served every day during the school term. If a student's birthday falls on Saturday, Sunday or a holiday, the student will be issued a permit good for a meal the following week.

Farmers and ranchers of the Hamlin territory, who have just experienced three years of drought with its resultant diminishing returns, are elated that the new oil production allowables just announced for December will permit almost the same yield from wells as in recent months. The daily figure for December was set at 2,756,906 barrels, compared with 2,822,760 for November.

Four teachers from Hamlin will attend the annual convention of the Texas State Teachers Association this weekend in Dallas. Probably 6,000 teachers of Texas are expected for the convention.

### TEN YEARS AGO (November 21, 1963)

The Hamlin High School Piper Band received first ratings in both inspection and marching at the University Interscholastic League marching contest in Municipal Stadium in San Angelo, including junior high school and high schools from class B through AAAA. Only six of the AA bands received first ratings.

A Kiddie Street Parade will open the Christmas season in Hamlin this year. The parade has been set for Wednesday, Dec. 11, at 3:30 p.m. and Santa Claus will make his first appearance in town at the time. The parade will be for children 12 and under and will include four divisions with first and second cash prizes in each.

Rainfall here late Monday afternoon and early Tuesday morning was recorded at 1.25 inches at the City Pump station.

Payment of poll taxes has picked up in Jones County since voters rejected the proposed amendment to do away with them as a requirement to voting.

Hamlin youngsters receiving awards at the annual Jones County 4-H Achievement Banquet in Anson Monday evening were Jimmy Niedecken, agricultural; Helen Moore, health; Sharon Hawkins and Gil Lain, leadership. Cheryl Rister of Hawley was named as Gold Star Girl and Mike Holloway of Anson was recipient of the Gold Star Boy Award for 1963.

an extent that we probably could never overcome.

At the present time the facts and figures are still being worked up that will tell you just how much tax the district would cost you. But we can tell you right now that no matter how much it is you cannot afford to turn this issue down if you plan to continue to make this your home.

A great many local citizens have given freely of their time and money to keep our medical facilities here and now it is your turn to do your part. It would be a shame if your indifference or complacency kept you away from the polls and all of this effort go for naught.

It seems that one of America's favorite pastimes is telling about our favorite operations, but Jack if you think we are going to open up our letters to the editor column for this subject you are mistaken.

What with the newsprint shortage we just cannot afford to devote the newsprint that this subject would likely consume.

## Neinda Philosopher Says He Knows One Way to Stop Big Contributions By Firms

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route One is uncharacteristically serious this week, for some reason.

Dear editor:

I don't like to get serious, it's not my style, but it makes no difference how hard I've tried I can't find anything funny about the way people have been wringing their hands over illegal campaign contributions.

Everybody says something has got to be done about it, that it's dangerously unwholesome for so much money to be raised to elect a President, something over 60 million dollars by the Republicans and over 40 by the Democrats, not counting what was raised for lesser offices like the House and Senate, Governorships, etc.

As I understand it, a lot of big corporations are now confessing they knowingly violated the law by handing over big chunks of cash in \$100,000-lots to the Presidential campaign.

That they knew ahead of time it was against the law is demonstrated by the fact they delivered the money in cash and tried various ways to cover it up on their books, as they are now confessing.

People are asking, how can we put a stop to this?

I can tell you one answer. Find a judge who will fit the punishment to the crime. Instead of fining a multi-million-dollar corporation \$5,000 for illegally contributing \$100,000, which is about like requiring me to put a nickel in a parking meter, why can't we find some judge who will follow the second provision of the law and sentence the corporation's president and directors to a year in jail? The law is already on the books.

You make it known that any corporation head who uses company money to contribute to a political campaign is going to jail for 12 months, along with his directors, and you'll whip the problem in no time.

Find a judge in the Sirica mold who'll say, look, you guys aren't dumb, you can read, you know the law says it's illegal for a corporation to contribute to a campaign just as it is to break and enter or steal chickens, and from here on out you're going to spend a year in jail if you do it.

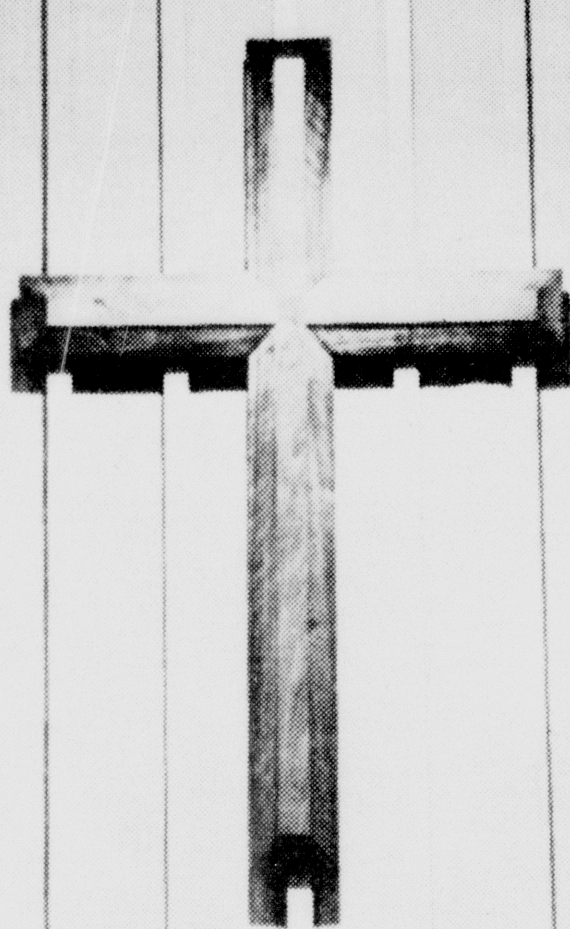

I don't know where the money for a campaign would then come from, but I know where it wouldn't come from.

Yours faithfully,  
J. VA.

## A Look at the Cross on THANKSGIVING

"Surely he hath borne our griefs, and carried our sorrows: yet we did esteem him stricken, smitten of God, and afflicted."

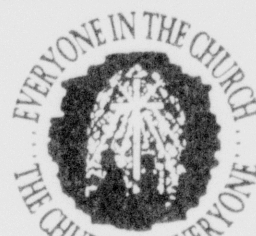

"But he was wounded for our transgressions, he was bruised for our iniquities: the chastisement of our peace was upon him; and with his stripes we are healed."

"All we like sheep have gone astray: we have turned every one to his own way; and the Lord hath laid on him the iniquity of us all." Isaiah 53:4-6

Our prayer this Thanksgiving Season is that everyone will attend the house of God, giving thanks unto him for his great gift, which is eternal life through his son.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

# Ellison, Lain Wedding Vows Read In Midland

Mary Lynn Ellison, daughter of Mr. and Mrs. Bill Ellison of Midland, and Gilbert Dale Lain, son of Mr. and Mrs. H. Dale Lain of Hamlin, were married Friday evening in Wilshire Park Baptist Church in Midland.

Barbara Carter was organist. Vocalists were Mrs. Don Ellison and Dan Meeker.

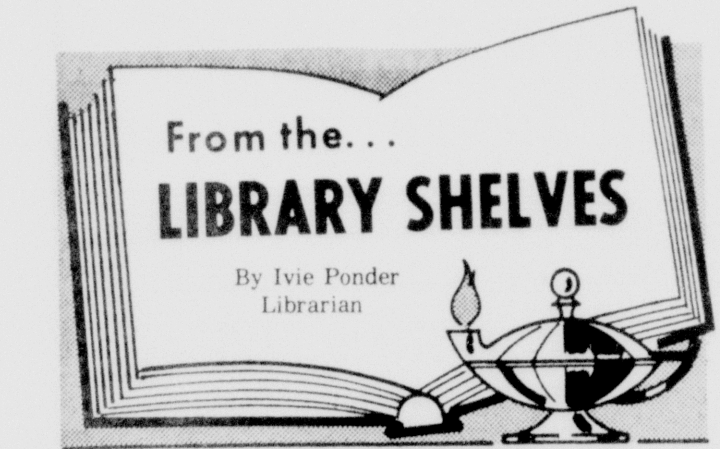

Presented in marriage by her father, the bride wore a gown of lace and satin. She carried an orchid arranged with pink sweetheart roses atop a mother of pearl testament that came from the Holy Land.

Mrs. Richard Ellison of Midland was matron of honor. Bridesmaids were Sonja Graham of Lubbock and Janice Jones of Abilene.

Attendants wore empire gowns of rose pink.

Dale Lain, father of the bridegroom, was best man. Groomsman were Randy Perkins and Brad Layton, both of Abilene. Pat Patillo and James Kanel, both of Abilene, seated guests.

Diedra Madison of Midland and Jeff Sonnenburg of Hamlin lighted candles.

Four new books have been received at Harden Memorial Library, according to Mrs. Daily Ponder, librarian. A change in the hours that the library is open was also announced by Mrs. Ponder.

The library at 324 S. W. Ave. A is open to the public five days each week on Monday morning, Tuesday evening and afternoons on Wednesday through Friday.

"The Hollow Hills" by Mary Stewart occurs in a fifth-century Britain, fraught with superstition and fear, where no life is safe, no law is stable, and where a king risks accusations of murder and adultery to get himself an heir. For his own safety, the boy, Arthur, rejected by his father, is long kept ignorant of his parentage.

"Buried Alive" by Myra Friedman, tells of Janis Joplin, who has become a legend since her death of a heroin overdose at the age of twenty-seven. In legends there are invariably lies. "Buried Alive" written by a professional associate and Janis' close friend, who had access to a great deal of exclusive material, is the hard truth that Janis wanted. The book deals not only with the

## 'Common Sense' Approach Urged For Wholesale Fuel Distribution

Wholesale suppliers were asked today to use a "common sense approach" in allocating middle distillate fuels to customers during the current transitional period of the mandatory allocation program effective November 1.

Duke R. Ligon, Director, Office of Oil and Gas, U. S. Department of the Interior, told wholesale suppliers that "The mandatory program does not require that all customers be reduced to the same volumes (of fuels) purchased in 1972, unless a reduction is necessary to ensure that all customers get a fair share of their 1972 purchases."

Ligon pointed out that while the producers state that suppliers can use whatever supplies they have left over in any way that they see fit — after the wholesale purchasers obtain 100 percent of the fuels they purchased during the same month of 1972 — a "common sense approach" should be followed in making good use of the excess fuels.

"We ask that suppliers allocate those excess fuels to customers on a fair-share basis, using the amount of fuel a customer bought in October 1973, as a guide," Ligon said. "In other words, the supplier should sell a customer a proportionate share of the supplier's excess so that the wholesale customer gets some fuel. Under this basis we believe that undue hardships would be avoided."

Ligon also pointed out: "It should be noted that the mandatory program provides

vote. In another box all resident qualified electors (who are other wise qualified but do not own taxable property which has been duly rendered for taxation) shall be allowed to vote. The votes cast in each of said boxes shall be recorded, returned and canvassed in such manner as will reflect separately the votes cast by the qualified electors who own taxable property and who have duly rendered the same for taxation from the votes cast by all qualified electors (including those who own taxable property and who have duly rendered the same for taxation).

SECTION 6: A substantial copy of this order shall serve as proper notice of said election, and said notice shall be published in a newspaper of general circulation in the area of the proposed District once a week for two consecutive weeks, the first publication to appear at least 14 days prior to the date established for the said election. The Secretary of the Temporary Board of Directors of Hamlin Hospital District shall cause notice of the election to be given in accordance with this order.

SIGNED AND ENTERED, this the 12th day of November, 1973.

JOHN SCARBOROUGH  
President, Temporary Board of Directors Hamlin Hospital District  
ATTEST:  
BILL HARBERT  
Secretary, Temporary Board of Directors Hamlin Hospital District

for suppliers and purchasers agreeing among themselves to either borrow on future allocations or defer current allocations within the level of the total allocation for the year, as long as such arrangements do not result in an involuntary reduction in allocations to other purchasers. Similarly, "he added, "suppliers may borrow or swap products among themselves."

The program also makes provisions for purchasers to obtain needed supplies of middle distillates. Wholesale purchasers who did not have a supplier in 1972, or who were not in business during the entire year of 1972, or who have had substantial expansion in fuel requirements to the extent that allocations based on 1972 are inadequate, are encouraged to explore all possibilities to obtain required supplies. In this

connection, suppliers are encouraged to accept such new expanded business within provisions of the regulation.

Request for interpretation may be made to the Office of Oil and Gas Field Offices or its Petroleum Allocation Division, Department of the Interior, Washington, D. C. 20240.

Affected wholesale purchasers should petition the appropriate regional office of the Office of Oil and Gas as soon as possible to obtain an adjusted base period volume or the assignment of a supplier if appropriate. Necessary report forms for this purpose will be distributed to OOG Regional Offices.

# Pipers Strike Swiftly to Down Anson Tigers, 42-0

The Pied Pipers struck swiftly Friday night to down the Anson Tigers, 42-0 and capture their second consecutive District 6-AA crown and to preserve their unblemished record regular season games.

The Pipers won the right to represent the district in the state playoffs the week before by defeating the Ballinger Bearcats and wrapped up the district title with this win over the Tigers. The Pipers will meet Lubbock Roosevelt in Abilene Saturday evening.

Johnny Jones carried the ball only 14 times against the Tigers but scored five touchdowns and rolled up 269 yards to put his season total over the 2000-yard mark. He has carried the ball 178 times this season for 2028 yards, for an average of 11.4 per carry. He has scored 164 points.

Playing in Tiger Stadium, the Pipers won the toss and received the opening kickoff. The Pipers moved the ball 78 yards in four plays to reach paydirt with Jones going the final 56 for the score. Opening the drive from their own 22, the Pipers sent Fullback Albert McAfee into the line for four yards, then Jones picked up a first down on a 15-yard carry to the 41. McAfee picked up three more and then Jones broke over his left tackle for the 56-yard TD run. Steve McKissack kicked the point after.

The Tigers failed to make a first down and punted from their own 18, with the Pipers taking over on their own 32. Jones scampered for 12 and then Bill Cork picked up 35 yards on a reverse to give the Pipers a first down at the Anson 23. McAfee carried twice for gains of three and two yards before Jones swept his left end for 17 yards and another touchdown. McKissack added the point after.

The Tigers returned the kickoff back to the 37 and then picked up a first down at midfield, but a penalty and a big loss put them back on the 37 and on third down Ray Scifres picked up the first of four Tiger fumbles to give the Pipers the ball on the Anson 33.

Quarterback Willie Hooper rolled around his left end for 20 yards, but then the Pipers drew a five-yard penalty to put the ball back on the 18. On a trap play, Jones went up the middle for the score. Again McKissack's kick was good and the Pipers led 21-0 with 3:14 left in the first period.

Following the kickoff, the Tigers took to the air on third down and needing long yardage only to have Bill Cork pick off the first of six interceptions for the Pipers.

Taking over on their own 43, the Pipers failed to gain a first down and punted to the Anson 31. The Tigers picked up two big gainers to move into Piper territory to the 27. But the Tigers lost their second fumble to Scifres on the next play and the Pipers took over again at the 31.

Cork picked up eight yards on the reverse again, McAfee added five more for the first down and then picked up three more to the 47. Anson drew a

five-yard penalty and then the Pipers sprung a triple reverse with the ball ending up back with the quarterback. Hooper passed deep down field to his tight end David Willis who caught the ball and was knocked out of bounds at the Tiger four. The play was good for 46 yards. McAfee carried to the two, Jones to the one and then McAfee scored. McKissack made the score 28-0 with 7:59 left in the second quarter.

The two teams exchanged punts and then exchanged fumbles until late in the second period. The Pipers recovered the Tiger fumble on the Anson 43. Jones was dropped for a five-yard loss, but then Anson drew a five-yard penalty and on second down Jones was held for no gain, but on third down he swept his left end again for 44 yards and the score. McKissack

added the point after with just seconds left on the clock before the half.

The Tigers returned the second half kickoff back to midfield but after three plays they still needed 10 yards for the first down. They punted to the Hamlin 28.

It just took Jones two plays to score, his first carry was for four yards and then he broke over right tackle for 68 yards and the final score of the night. The run put him over the 2000 yard mark for the season and he retired to the sidelines for the remainder of the game. McKissack kicked his sixth extra point of the night.

The Tigers again returned the kickoff back to midfield but Hooper intercepted a third down pass on the Hamlin 42 to stop the Tigers again. The Piper second offensive unit failed to pick up a first and punted. The Pipers moved to the Hamlin 25 before giving up the ball and the Pipers moved to the Anson 37 on the running of Larry Mayes and the passing of Tracy Rowland before they gave up the ball on a fumble.

Neither team could get anything going during the remainder of the game as the Pipers picked off three more interceptions but in turn gave up the ball twice on fumbles.

By BILL BOYKIN

AUSTIN—A new group is seeking to improve cooperation between state and federal law enforcement officials in Texas.

Atty. Gen. John L. Hill and U. S. Attorney William S. Sessions of San Antonio are co-chairmen of the "Federal-State Law Enforcement Coordinating Committee."

The organization is described as an outgrowth of discussion over a several months' period between Sessions and Hill.

Some of the state's top prosecutors of both state and federal jurisdictions, Federal Bureau of Investigation agents and Department of Public Safety officials met privately in Hill's office last week to formalize the organization.

"We made a little bit of history," Hill said of the meeting. "It's the first time there has ever been such a gathering of law enforcement-policy making people in this state. It is only a first step, of course, but the lines of communication are open, and we all have a lot to gain, if we exert the effort to make it work."

Hill and Sessions expressed optimism about prospects for success. They said state and federal law enforcement officials have a strong mutual desire to work more closely together and deal more openly with each other.

The two attorneys predicted state and federal law enforcement officials, and the public, will gain from better coordination of policies, operational efforts and intelligence resources.

They indicated the committee will meet three or four times a year to discuss problems and topics of mutual interest.

**MEDICAID ECONOMIES SOUGHT**—The State Welfare Board last week discussed a proposal to screen hospital admissions of Texans under the Medicaid program in an effort to eliminate needless medical outlays.

Texas Medical Foundation proposed a review to determine whether patients can receive equal, but less expensive, care in other institutions. The admission review would be undertaken within 24 hours after a patient enters a hospital under Medicaid. Periodic reviews would follow to determine how long the patient needs to remain in the hospital.

Under federal regulations, the state will be required to implement some kind of utilization review program.

Texas Medical Foundation estimated the program could be initiated within 90 to 90 days following a 30-day training period for personnel.

**AG OPINIONS**—Texas Animal Health Commission may require slaughter of brucellosis-infected cattle within 15 days of determination of infection, Attorney General Hill informed the agency.

In other recent opinions, Hill concluded:

Whether — and how long — a Brooks County road foreman can keep his job after his brother-in-law became county commissioner depends on terms of his hiring agreement.

The county clerk of Harris County is not required to record a certified copy of a limited partnership agreement recorded in the secretary of state's office in another state.

Because Paris has held no local option liquor election for a

year, no deposit of money should have been required of individuals petitioning for a vote on legalizing sale of alcoholic beverages for off-premises consumption. The amount should be refunded.

Texas Cosmetology Commission is not authorized to adopt rules and regulations applying particularly to manicurists nor to waive any requirement of beauty shops in

general for a shop limiting its practice to manicuring or any other specific field.

Percentage of occupancy of nursing homes is confidential, and need not be disclosed under the open records law.

Parks and Wildlife Department regulations may be promulgated and enforced for St. Charles Bay where the Secretary of Interior has not asserted jurisdiction.

Survivors include two nephews, John S. Davis of Hamlin; two half nieces, Lily McCoy and Claudie Johnson,

both of Stamford; one half nephew, Authur Davis of Lubbock.

Pallbearers were Clarence Davis, Horace Davis, Carl Rasco, Donnie Johnson, Luther Mitchell and Bob Gressett.

Unemployment insurance payroll taxes for many employers will be reduced — three-tenths of one per cent — effective January 1.

Daiwa Spinning Company of Osaka, Japan, will locate the most modern textile mill in the South Plains Cotton country, with an initial investment of \$15 million.

The Constitutional Revision Commission has opened an information center to answer questions about the proposed new state constitution. Answers can be obtained by dialing tollfree 1-800-292-9600.
